Village of Northfield Commercial Property **Point of Sale Inspection Report**

To Sellers and Purchasers of Real Estate in the Village of Northfield:

Please be advised that the Village of Northfield's Point of Sale Exterior Inspection Ordinance is designed to assist with maintaining the quality of the Village's real estate values. In performing such point of sale exterior inspections and issuing certificates of exterior inspection, the Village does not insure, warrant, or guarantee that the inspection certificate contains all of the violations of the Village's Codified Ordinances or defects concerning the property. Such inspections should be considered by all parties as the Village's best effort to make known to owners and purchasers of real estate the known exterior maintenance violations on a given property at the time the exterior inspection is made.

Likewise, in issuing a compliance document pursuant to the point of sale inspection ordinance, the Village does not insure, warrant, or guarantee the quality of repairs or standard of work exhibited in the correction of violations listed on the inspection certificate. Such document should be construed only as a statement by the Village that some or all of the violations listed on the inspection certificate have been corrected to the Village's satisfaction. The Village's exterior point of sale inspection should not in any way be considered as a substitute for a private inspection.

Repairs may be made by the buyer or the seller. All repairs shall be made within 60 days of the date of inspection unless other arrangements have been approved by the Building Department.

If the **BUYER** is to assume the responsibility of the repairs, a **Letter of Commitment** stating that they will assume that responsibility is required. The **BUYER** is responsible for obtaining a **Certificate of Occupancy** from the Building Department by completing the form and submitting a \$125.00.
